Foreword

We, the 1965 DuPontian staff, hope that this annual will become one of your most prized possessions and that you may look back over the faded snapshots and remember the good old days at D.P.H.S.

In later years, while turning these pages, if you should recall the many smiles, sorrows, and dreams of '65 we shall be content, knowing that we have done the thing we were called upon to do.

We have tried to present a key to each division and activity of high school work and fun. Knowing that the key to success is enthusiasm, we have all whole-heartedly joined in to make this DUPONTIAN one of the best ever. We feel that your satisfaction with this volume is our compensation, and with this thought I proudly give you the key to the 1964-1965 DUPONTIAN.

The key to the Senior's future is his diploma. It is his prerogative to do with it as he pleases. Some will enter an institution of higher learning, some will join the armed forces to train to defend their country, some will marry and begin their own families and others without a goal in life, may lose their key to the future.

The key to good athletics is sportsmanship. Each member of the team must work together and the spectators set the environment of the game. Whether the score shows we won or lost is immaterial; the important thing is, we can always be a winner in attitude.
